

Zevenwacht
ANNO 1800

Z Collection
Blanc de Blancs 2023
Maiden Vintage

GRAPE VARIETALS
100% Chardonnay

TASTING NOTES

Fresh green apples, zesty citrus, white flowers and stone fruit on the nose, with subtle creamy brioche undertones. The palate is clean, elegant, and mineral-driven with a lingering, refreshing snap

FOOD PAIRINGS

The wine pairs best with delicate seafood, raw fish, and salty or lightly creamy appetizers due to its high acidity, chalky minerality.

VINEYARDS & HARVEST

The wine is made from a single vineyard planted with clones CY96, that brings minerality and freshness. The vines are south facing with a VSP trellis and grown in decomposed granite soils on the Polkadraai Hills.

VINIFICATION

The grapes were whole bunched pressed and cold settled overnight, after which the juice was racked to 50% in older 500L barrels and 50% in stainless steel tanks for fermentation. The wine remained on the gross lees for 6 months before being bottled for secondary fermentation and aged on the lees in bottle for 35 months before disgorgement.

WINE OF ORIGIN

Polkadraai Hills, Stellenbosch
